1. PRB.

- 1.1. "Error 3051: Description: The Microsoft Jet Database Engine cannot open the file 'C:\Program Files.....SportsWare2007.mdb.' It is already open exclusively by another user, or you need permission to view it's data."

2. SYMPTOMS

- 2.1. You open SportsWare and it reports "Error 3051: The Microsoft Jet Database Engine cannot open the file. It is already open exclusively by another user, or you need permission to view it's data."

3. CAUSE

- 3.1. This error will occur if you do not have sufficient rights to your database files. To correct the problem you will need to assign the user **Full Control** access rights to the SportsWare program folder:

4. RESOLUTION

- 4.1. Browse to the location where you installed SportsWare. Right click on the SportsWare folder, and then left click on **Properties**.
- 4.2. Click on the **Security** tab.
- 4.3. Click on the **Full Control** checkbox to assign full control rights.
- 4.4. Click **Apply** and then **OK** to save the change.
- 4.5. You should now be able to open SportsWare without the error message.

5. STATUS

- 5.1. The above resolution fixes this problem.
