Installing SportsWare on a New Computer

These instructions are for installing SportsWare on a new computer or if you were required to re-install SportsWare on a current computer.

1 If Your Database is on a Network

- 1.1 Install SportsWare on the new computer.
- 1.2 Open SportsWare.
- 1.3 Click **OK** at the License Screen.
- 1.4 Go to the **File** menu – **Open**.
- 1.5 Select the network location where your database is stored.
- 1.6 Select the SportsWare database and click **Open**.
- 1.7 You should not need activation numbers when directing SportsWare to an existing network database.

2 If your Database is on the Hard Drive of your Computer

- 2.1 See the instructions for moving SportsWare from one computer to another.
